

Join CorrelAid and do data
science for social good

Meet like-minded data scientists, become part of
our network and support our mission to
democratize data science

WHO WE ARE

CorrelAid is an independent, non profit network of more than 1.300 dedicated data scientists throughout Germany, the Netherlands and France. Our volunteers are mostly students and young professionals with diverse technical skillsets across different technologies.

WHAT WE DO

We pursue the mission to improve the world through data science for social good. Our work can be divided into three pillars. We are always happy to welcome new people in our network.

DATA4GOOD PROJECTS

We carry out pro bono data analysis projects for non-profit organisations. These collaborations offer our data analysts the opportunity to apply and expand their knowledge.

> 30 projects with
NPOs

EDUCATION

We offer different events and workshop formats to our network and beyond.

> 50 workshops

DIALOGUE

We enter into a dialogue about the value and usefulness of data and data analysis for the social good - internationally and on a regional level.

> 10 Local Chapters
